The number of Loan Funds in existence in 1857, on Board's Register, was 111: compared with the number of 1856, there has been a decrease of four Societies in the past year.

The circulation of Loan Funds throughout the country, connected with the Board in 1857, amounted to £929,653; it exceeded that of the preceding year by £11,967, and that of any previous year since 1846.

In the continuous steady increase of the circulation since the disastrous period of the famine, there is evidence of increased activity in industrial pursuits in the several localities in which Loan Funds operate.

The Capital of Loan Funds actually working in 1857 amounted to £228,616; it fell short of that of 1856 by the sum of £897.

The number of Loans made in 1857 was 204,394; it exceeded that of 1856 by 1,974.

The number of Notes sold by the Board in 1857, at 1d. each, was 198,000; and fell short of the number sold in 1856 by 14,100. The produce of the sale of Notes in 1857

* From 1873 Monte de Piedad ceased to exist connected with Loan Funds.

was £828 15s.; showing a decrease compared with that of 1856 of £58 15s.; a result mainly attributable to the cessation of the operations of the Cork No. 1 Loan Fund, a circumstance which is to be regretted, inasmuch as that important city is left without a Loan Fund.

The number of Debentures sold in 1857, by the Board, at 1s. each, was 600; the produce of the sale of which was £30. There was an increase in the number sold in 1857, as compared with that of 1856, of 137, and in the produce of the sale of 1857, of £6 17s.

The Gross Profits derived by Local Societies from Discounts, Fines, Sale of Application Papers and Cards, in 1857, amounted to £26,783; they exceeded the amount derived from the same sources in 1856 by £474.

The amount of Fines (one of the above-named items) in 1857 was £4,411 17s. 11d.; there was an increase in that year, as compared with that item in 1856, of £197 11s. 6d.

The amount of Surplus Profits applied to charitable or useful purposes in the several localities of Loan Funds, in 1857, was £1,762 1s. 4d.; showing an increase of such grants, in that year, as compared with that of 1856, of £144 6s. 3d.

The Board's Income in 1857, derived from ordinary sources of Revenue, viz. :—

Sale of Notes, Debentures, and Cards,	£860	6	8
Interest on Funds invested in Government Stock,	126	10	8
Total amount,	£986	17	4

The Ordinary Income of 1857 fell short of that of the preceding year by the sum of £42 3s. 7d.

The total of Board's Receipts from all sources in 1857, viz. :—

Ordinary Income from Sale of Notes, Debentures, and Cards, and from Dividends on Stock,	£986	17	4
Interest on Loan to Aghada Loan Fund,	1	18	9
	£988	16	1

The Board's Expenditure in 1857 was £956 14s. 10d.; it fell short of that of 1856 by the sum of £46 1s.

The excess of Income in 1857, from all sources, over the Expenditure in that year, was £32 1s. 3d.

In preceding Reports, the Board have expressed their opinion that some improvement in the present machinery of the local management of Loan Funds, and in the existing legislative control over the Institution, was required, with a view to the more adequate protection of the savings of the industrious poor, and the promotion of the main objects of the Institution, and are still of opinion the necessity for such improvement exists.
